SUMMARY

I am a Designer with a background in UX/UI and Education, interested in the intersection of learning and technology. I have experience working in private schools, colleges, tutoring centers, outreach programs, museums, and EdTech startups.

WORK EXPERIENCE

2019
Chef Koochooloo - *UI/UX, Instructional Design* | Mountain View, CA
- Product manager leading a team of UX designers and illustrators for the app
- Created low and mid fidelity wireframes for the fourth grade curriculum
- Designed curriculum and user tested them by going to schools and teaching them to children, and observing how they react to the framework of this program

2019-Present
Dunamis Harvest GM - *Website Designer* | Remote
- Designed website for the organization and coded it using CSS, HTML, JavaScript

2017-Present
Gallagher Learning Center - *Educator* | Saratoga, CA
- Created curriculum for online courses and in person tutoring, preparing students for the SATs, ACTs, ISEE, and HSPT exams

2016-2017
Mural Arts Program - *Graphic Designer* | Philadelphia, PA
- Designed information brochures and educational art posters using Photoshop and InDesign
- Organized data gathered from Program participants collected from surveys

2014-2016
Lydian Academy - *Teacher* | Menlo Park, CA
- Designed course curriculum for English, Math, and Social Studies classes in the middle school and high school level

2014
LA Museum of the Holocaust - *Getty Multicultural Education Intern, Bearing Witness Program Volunteer* | Los Angeles, CA
- Created an interactive audio tour by conducting interviews of Holocaust survivors and aligning their story with the museum layout
- Researched and created a tour about the Shanghai Ghettos

PROJECTS

2019
Star Crossed - *UI/UX Design* | https://bit.ly/38RusVy
StarCrossed is an app that connects people based on astrological and personal compatibility. It can be used for dating or finding friends.

2019
MemeFolder - *UI/UX Design* | https://bit.ly/2rYANOn
MemeFolder is a cloud storage app that allows users to easily collect memes and reaction images from their social media, as well as edit photos so that they can create their own memes.
